

**We're e&a  
consultants, nice to  
meet you!**

Our expertise

Our services

Our values

# Our expertise

# Our expertise

We're consultants who specialise in helping pharma companies bring their medicine to the **Benelux pharmaceutical market**. From market access to public affairs, from a feasibility study to collecting real-world data: we offer support every step of the way.

**Our mission?** Connecting companies and authorities to make innovative medicines available to patients. Because we believe every patient deserves proper care.

# Our expertise

Informed by data

Guided by law

Powered by experience

# Our services

We can support pharma companies in various ways, offering our legal know-how and out-of-the-box thinking. Within legal boundaries, we look for opportunities.

- FEASIBILITY STUDY & STRATEGY
- MARKET ACCES
- REAL WORLD DATA
- PUBLIC AFFAIRS

## FEASIBILITY STUDY & STRATEGY

How feasible is it to bring your medicine to the market? And what strategy should you apply for your product? We analyse your medical data, execute a feasibility study and draw up a strategy proposal.

Learn more:

<https://www.eaconsultants.be/services/feasibility-study-strategy>

## MARKET ACCES

Do you want to enter the market with your innovative medicine, or do you need support in price changes throughout the product lifecycle? We draw up and submit the necessary dossiers and support you in the negotiations afterwards. Additionally, we can function as your point of contact with the authorities and be your go-to partner for all market access-related questions.

Learn more:

## REAL WORLD DATA

Do you want to collect data to improve the evidence regarding your medicine or renew your medicine's reimbursement status? Discover our uniquely designed platform that collects data from clinical practice in a GDPR-proof manner.

Learn more:

# Our values

# Our values

## ENGAGEMENT

We care about your medicine, because we understand how crucial it is. That's why we go the extra mile in supporting your market access.

## ENTHUSIASM

Medical innovations excite us. Figuring out how your medicine can fit within the complex Benelux healthcare systems is what drives us.

## EXPERTISE

We believe in the value of shared expertise. By putting our heads together, we can achieve greater things.

## ACHIEVEMENT

We support you with a result-driven mindset, creating tailor-made strategies for your medicine, while taking into account tight deadlines.

## PARTNERSHIPS

We strengthen our expertise and experience with associates and partners who have complementary knowledge.

# Looking forward to working with you
